ITB 42-2024 is amended as follows:

#### 1. Answers to Prospective Bidders’ Questions:

The following questions are being addressed through this Addendum No.1:

GENERAL	
1.	<p><b>Q:</b> Will the Seminole Tribe be responsible for the data pole attached to soffit if it must be moved/adjusted for gutter installation?</p> <p><b>A:</b> Yes, the TRIBE will coordinate moving the antenna mast further away from the building prior to CONTRACTOR performing the scope of work.</p>
2.	<p><b>Q:</b> The plans show new gutter sloping toward existing gutter leaders 10 and 11. Are new gutters proposed to be connecting to existing gutters and share existing leaders/downspouts?</p> <p><b>A:</b> No, the new gutters shall remain separate from the existing gutters. The TRIBE will request revised engineered plans to show those areas sloping toward the new leaders and distribute to the selected CONTRACTOR.</p>
3.	<p><b>Q:</b> For the downspouts to be away from the building foundation, we recommend adding an extra foot, is this something the Tribe is interested in adding?</p>

A: Yes, please refer to *Attachment A – Scope of Work REV001* attached to this Addendum No. 1 for the revised downspout measurements.
